DOES MILEY CYRUS HATE TEDDY BEARS? - UNLIKELY FANTASY FOOTBALL PREDICTIONS FOR 2013 BY HA KUNG WONG (TWITTER: @RHIHAN)

What does Miley Cyrus have against teddy bears?

I suppose everyone on the interwebs is still talking about Miley Cyrus and her bizarre performance on the MTV Video Music Awards, but did she really have to drag the teddy bears into this? I mean, those poor teddy bears probably signed up for what they thought would be a typical teddy bear type performance, where they would generally prance around and look cute while mostly happy wholesome kids danced around them with candy. I'm fairly positive they didn't think they would be all drugged out and dancing around with Miley Cyrus while she demonstrated to the world that she had no rhythm. Seriously, she looks like someone who was getting occasionally hit with a stun gun after getting off a particularly aggressive ride on the tilt-a-whirl. At least she's helping contribute to the expansion of the English language. Apparently, Oxford Dictionaries has now decided to add "twerk" to the official lexicon. Yes, "twerk" is now officially defined as to "dance to popular music in a sexually provocative manner involving thrusting hip movements and a low, squatting stance". I think definition number two is listed as "to act like a moron on stage because you have poor judgment and perhaps some sort of attention getting disorder - and you hate teddy bears". But I digress.

The point is that one can never tell for sure what is going to happen in the future. I would have lost everything I had if you had betted me five years ago that Hannah Montana would someday get a bunch of teddy bears drunk on stage and be so parched that she continually has to stick her tongue out while trying to dance around with Alan Thicke's son. And the same is true for fantasy football. You can never tell what unlikely scenario is going to come true at the end of the regular season. But perhaps I can make a few Miley Cyrus-like predictions that might be controversial enough to get your attention. So here you go, ten things (plus one bonus, because as you all know from my previous articles, I like to go to 11 - <http://www.footballxtrapoints.com/2013/07/sharknado-goes-to-11-top-51-players-for.html>) that seem completely unlikely, but I'll be saying "I told you so" if it does happen, at the end of the regular season:

1. Regardless of the injury and missing six weeks, **Le'Veon Bell** returns to the Steelers and is a top 20 fantasy running back at the end the regular season.
2. Despite going mostly undrafted in most leagues, **Ryan Tannehill** is a top 14 fantasy quarterback at the end of the regular season.
3. Despite being drafted in the top 5 in most leagues, **C.J. Spiller** is NOT in the top 15 fantasy running backs at the end of the season.

4. Despite having lots of competition for targets from Manning, **Wes Welker** has the most yards of any Broncos wide receiver at the end of the regular season – by over 200 yards.
5. **Cordarrelle Patterson** has the most yards of any Vikings wide receiver at the end of the regular season.
6. Despite his suspension, **Josh Gordon** is a top 15 fantasy wide receiver at the end of the regular season.
7. **Greg Olson** has the most targets and most yards of any receiver or tight end for the Panthers in the regular season.
8. **Reggie Bush** has more receiving touchdowns than **Calvin Johnson** at the end of the regular season.
9. **Michael Floyd** has more touchdowns than **Larry Fitzgerald** for the Cardinals at the end of the regular season.
10. **Alshon Jeffery** is a top 15 fantasy wide receiver at the end of the regular season.
11. **Eddie Lacy** is a top 3 fantasy running back at the end of the regular season.

Will these all actually happen? No way. Can some of them come true? Heck yeah. Just ask Miley Cyrus. Or those poor traumatized teddy bears.
